

TEAMBUILDING AT THE NEWPORT MIRAGE

Add an exciting point of difference to your next event at the Newport Mirage by including a fun and engaging team event! Our team building events are fun and, importantly, tailored to the objectives, time frame and budget of our clients with an overall aim to improve team performance and enhance workplace culture.

BIKES FOR TYKES

There will be plenty of fun, hard work and mechanical challenges in this team building program with a twist. With delegates having to solve challenges, work together as a team and build a dismantled bike, it may all seem like too big a challenge. But the smile on the face of an underprivileged child will inspire and make it all worthwhile.

RAFT REGATTA

There is no need to get wet if you have a team you can trust and some cunning plans to deal with the competition. It might not be the America's Cup and you may not have the infamous 'Winged Keel' of Australia II, but the Corporate Challenge Events 'Raft Regatta' will be as hotly contested as any boat race.

OUT OF THE BOX

Teams are shown a special Distraction Box which is filled with highly researched and attention diverting items for kids in hospital. Out Of The Box brings them to life in a fun and engaging way. The activities in this program lead to teams earning Thought Cards which will ultimately determine the winner. Teams will then find out how their efforts will assist with putting smiles on kids faces all around the country.
